

THE AIR WE BREATHE

A REGIONAL SUMMIT ON AIR POLLUTION AND ASTHMA IN OUR COMMUNITY

November 5, 2021

VIRTUAL EVENT

The 2021 Asthma Summit will focus on the impact of air pollution in the Pittsburgh region, and on health outcomes, with an emphasis on asthma. The Summit will present the latest findings on the relationship between local air pollution and asthma prevalence and disease severity. The Summit will also address public health measures and policies to improve health outcomes related to air pollution.

TARGET AUDIENCE

The Asthma Summit is intended for pediatricians, internal medicine and family practice physicians, allergy/immunology, pulmonology and public health specialists, and allied health professionals with an interest in asthma. The Summit also welcomes all members of the community with an interest in air pollution and/or asthma including school administrators, teachers and nurses, community leaders, and patients and their family members.

ACCREDITATION

This activity is approved for the following credit: *AMA PRA Category 1 Credit™*. Other health care professionals will receive a certificate of attendance confirming the number of contact hours commensurate with the extent of participation in this activity.

REGISTRATION

Participation in the Asthma Summit is free. However, all participants (including those from the community not claiming CME credit) must register at:
